

Greetings to the GFWC-WI Juniors,

I would like you to 'Let Your Light Shine' as Presidents for our clubs! Thank you for taking on this important leadership position. Our clubs certainly need you, just as we need you! I am looking forward to this administration, and am here to serve all of you! So, please feel free to contact the Junior EC members, and me and let us share our knowledge and experience, so that the Juniors of GFWC-WI shine very brightly!

We have updated a lot of our Junior information on the website, so please use it! Deb Brossard and her husband are doing an awesome job. Go to www.gfwc-wi.org and you will find a variety of information. If you are looking for something but cannot find it, please let us know, and we will collectively make it available!

At the website you will find all the Call and Registration form for the upcoming Junior Fall Conference in Germantown on September 27, 2008. This information will also come out in the Clubwoman. I have chosen the Pediatric Bag Project (EMSC) as my special emphasis, and there is an exciting coin challenge all of your clubs can participate in! We're looking forward to announcing the winning club! (And we are also including the General clubs!)

During this administration (2008-2010), our goals are:

- Visit each and every Junior club during this administration at least once
- Chartering a minimum of three Junior clubs
- Increase and improve communication by using the website for blogging, send out e-GFWC-WI style Junior emails and send out a quarterly newsletter (electronically).

I look forward to hearing from you about when we could visit your clubs. That way your club is in the spotlight and it will be an honor to meet you! If you are aware of potential new clubs, please contact Jan Allen. She's excited to start this process! And we will be in touch about the blogging, etc., as soon as it comes available to you and your club members.

Please do not hesitate to contact me or any other Junior EC member! We are here to serve you! We will also send out the deadlines for our e-Junior newsletter that Debby Tomlinson has kindly agreed to do for us! It'll be great having her still involved with us when she's in Georgia!

Enjoy the rest of the summer! I look forward to an awesome turnout for the Junior Fall Conference!

In Federation,
Susanne Way
