

STATE SPECIAL PROJECT CHAIRMAN IS INTERESTED IN YOUR FEEDBACK!

Please contact Elizabeth Davy at ESD@LCE.BIZ if your GFWC club is considering investing time and effort in the “EMSC” or “Emergency Medical Services for Children Pediatric Equipment” project.

Have you had luck contacting local paramedic units?

Is there any other way that Elizabeth can help you?

Do you need more information available through the GFWC-WI website that would help you with this project?

Your comments and feedback would be greatly appreciated!

Thanks for your efforts!

And remember to REPORT!
